HAZCHEM code:	1T (recommended)
Special protective equipment and Precautions:	Wear self-contained breathing apparatus.

Poulvac-Bron-Vic-S®

Handling, Storage, Disposal, Spill Clean Up

	
Handling precautions:	Read product label and instruction leaflet prior to use. Wear protective clothing such as overalls, gloves, goggles and face mask to prevent contact from vaccine especially when administering via spray.
Handling practices:	After administration of the vaccine remove protective clothing and wash hands before eating, drinking, chewing gum or using tobacco.
Storage:	Store in closed original container in a freezer at below -5°C. Place vaccine in cool box with ice on removal from the freezer until ready to reconstitute vaccine for use.
Disposal:	Preferably dispose of the product by use. Neutralize vaccine container and remaining contents in a Chlorine Bleach solution prior to wrapping with paper and disposing in an appropriate garbage system.
Spill Clean Up:	Absorb or wrap material with inert material such as paper and rags and neutralize with Chlorine Bleach prior to garbage disposal. The vaccine should be considered a biohazard to poultry as it contains a live virus culture and disposal should avoid the potential risk of spread to non-vaccinated birds.

First Aid Measures

Inhalation:	Significant inhalation exposure is considered unlikely. Allergic type reaction may be possible in allergy sufferers. If breathing is difficult, remove to fresh air and keep at rest in a position comfortable for breathing. Seek medical advice if breathing does not improve.
Ingestion:	If product is swallowed do NOT induce vomiting, give some water to drink and wash mouth out.
Self-Injection:	Not applicable.
Skin Contact:	Flush with lukewarm gently flowing water for 5 minutes or until product is removed.
Eye Contact:	No effects expected. If irritation does occur, flush contaminated eye(s) with lukewarm gently flowing water for 5 minutes or until product is removed. Remove contact lenses, if present and easy to do.

Regulatory Information

ACVM controls:	Registered pursuant to the ACVM Act 1997, No. A011472. See www.foodsafety.govt.nz for registration conditions.
